REMARKS OF MAYOR MENNA

Mayor Menna asked Councilwoman Sturdivant if she wanted to offer remarks.

Councilwoman Sturdivant thanked her mother for her support during the election. She thanked Congressman Pallone and Assemblyman Houghtaling for participating in the swearing in ceremony earlier in the day. She thanked those who supported her during her campaign and the residents of Red Bank who had placed their trust in her. She said she looked forward to working with everyone on the Council.

Mayor Menna asked Councilwoman Triggiano if she would like to make some remarks.

Councilwoman Triggiano thanked everyone who had come out in the rain earlier to be there in person for the swearing in. She congratulated Councilwoman Sturdivant and said she looked forward to working with her. She thanked Congressman Pallone for swearing her in. She thanked Assemblyman Houghtaling for being present and said he had served the district extremely well along with Assemblywoman Downey. She said they and their hard work would be missed. She said she looked forward to being present and doing the work and said she got into this because she truly loved Red Bank. She thanked everyone for believing in her and voting for her. She thanked the Mayor and said she looked forward to serving as Council President.

Mayor Menna reflected on his conversation with Assemblyman Houghtaling earlier in the day regarding the fact that this could be his last public meeting. He said he had noted that, several years ago, Congressman Pallone had been saddened by the loss of Red Bank from his district. He said one doesn't know what the future holds and said Congressman Pallone was now back serving Red Bank. He said he told Assemblyman Houghtaling that he might also be back soon. He remarked on the contributions of Assemblyman Houghtaling and Assemblywoman Downey.

Mayor Menna wished everyone a happy and healthy new year. He said it had been an unusual year. He said 2021 had not been the year that had been anticipated and said they hoped that 2022 would catapult them into a different future. He said we were still in a post COVID world. He said it had changed the way we have had to deal with each other. He said we have all realized that, in the pandemic, we have become much more vulnerable. He said we thought the vaccines, boosters and natural immunities would give us cover but, evidently, they will not. He said there is a new socio-economic reality and that has isolated some of us. He said we do not have the same interaction for a myriad of reasons. He said it had created exponential possibilities to engage and use technology to become more adaptable. He said municipalities will have to meet the challenges of this year. He called for civility among the Council members despite their difference. He said he saw evidence of that today and said they were all in it together.

He said wanted to pay a specific tribute to the Police Department, Emergency Management Team, the volunteers, the Fire Department and First Aid, the Public Works staff and the staff at all Borough facilities for their efforts during the pandemic. He said they had served and continue to serve with good cheer and courage. He said they had gone above and beyond and said he and the Council wanted to thank them. He said he specifically wanted to thank outgoing Fire Chief Robert Holiday and the Fire Department for never missing a beat. He thanked their families for sharing their loved ones.

He thanked Acting Administrator/Police Chief McConnell for stepping up to the plate. He said he had gone over and above the call of duty. He reviewed his history with Chief McConnell. He said he had met and surpassed expectations. He thanked him for taking up the gauntlet and being their advisor.

He also reviewed his history with the Borough Clerk and thanked her for all she had done and all she continued to do. He said her friendship and her family's friendship had been a source of great strength.

He also recalled memories of Judge and Former Mayor Benedict Nicosia who he said he believed was the oldest surviving Mayor having recently turned 101. He also recalled former Councilwoman Florence "Betti" Thompson who has recently turned 96.

He said he anticipated having a list of items to be on future agendas that he referred to a “punch list” items. He said he would also have a State of the Borough message in the coming month.

Councilman Zipprich asked if there would be Public Comment.

Clerk Borghi said it hadn't traditionally been listed on the Reorganization meeting agenda.

Councilwoman Sturdivant said she wanted to follow up on her comments regarding Assemblyman Houghtaling. She said he was a strong and dedicated Assemblyperson and also one of the most profound gentlemen she had ever met. She said she hoped he would return to politics.

Councilman Ballard said he wanted to wish everyone a happy new year. He said he wanted to welcome Councilwoman Sturdivant to the Council and to congratulate Councilwoman Triggiano on her reelection.

Councilwoman Horgan said she would also like to welcome Councilwoman Sturdivant and looked forward to a good working relationship. She congratulated Councilwoman Triggiano on her reelection. She wished everyone a happy new year. She thanked the residents, the Borough employees and the Police and Fire departments.

Councilman Zipprich also wished everyone a happy new year and said he wanted to echo the sentiments about Assemblyman Houghtaling. He said he, Assemblywoman Downey and Senator Gopal had done a tremendous amount of work over the course of their tenure. He said it was disappointing that they had not been reelected. He said he also wanted to thank all of the Borough employees for their hard work in these trying times.

Councilwoman Sturdivant also wished everyone a happy new year and said she looked forward to working with everyone.

IA McConnell thanked the Mayor for the kind words and said he believe we were required to offer a Public Comment section. He said he mentioned it because there were two people waiting to speak.

PUBLIC COMMENT

Marybeth Maida—84 Branch Avenue—congratulated Councilwoman Sturdivant. She said she understood the Mayor's comments about bringing positives into the new year. She congratulated Councilman Yngstrom on his recent marriage and said she believe he no longer lived in Red Bank. She questioned why he wasn't stepping down.

Councilman Yngstrom said he did live in town. He said he did get married but said he still lived in Red Bank. He said he was committed to finishing his term. He said he saw his wife every day and said they did not live in the same house right now.

Ms. Maida said she wanted to make sure she understood that he did not live with his wife.

Councilman Yngstrom said he saw his wife every day and visited her at her home but stressed that he still lived in Red Bank.

Ms. Maida continued to question his residency. She asked him if he planned to run for reelection.

Mayor Menna asked Ms. Maida to finish her statement and said this was not a back and forth.

Ms. Maida questioned everyone's ethics and accused Councilman Yngstrom of lying.

Councilwoman Horgan said she objected to Ms. Maida's comments and it was just stated that the year should be started in a positive way. She said she found it inappropriate for this type of comment to come up today.

Councilwoman Triggiano said she was really sorry that people were talking about Councilman Yngstrom's private life. She said she found the way he handled the situation to be very admirable.

Cindy Burnham—71 Wallace Street—said she also wanted to comment on Councilman Yngstrom. She said she thought he would have stepped down. She criticized any intention to run for reelection and accused him of not living in town. She in her opinion, is was a corrupt move. She said she hoped is actions did not affect his livelihood because she said she felt what he was doing was unethical.

Nancy Blackwood—34 Chestnut Street—said she had attended the swearing in ceremony earlier and said it had gone beautifully. She said she would like to see a fresh start and to see the whole Council working together rather than against each other. She said she appreciated their hard work. She said regarding the comments about Councilman Yngstrom, she said she had a friend who had gotten married and did not live with her husband. She cited reasons that people might make that choice and said it was not uncommon for people to commute back and forth to each other's houses. She said she didn't understand the comments and said she felt, if Councilman Yngstrom said he lived here, then she believed he did actually live here. She said she wished everyone the best for the new year and hoped they would work together to move Red Bank forward.

Danielle Jones—Confidential Associate for the Office of Government Affairs and Community Relations at Brookdale Community College—congratulated everyone serving on Council. She congratulated Councilwoman Triggiano on her appointment as Council President. She wished everyone a happy and healthy new year. She said Brookdale Community College looked forward to working with everyone.

Fire Marshal Welsh reviewed his report. He said he wanted to reiterate the comments of Mayor Menna and Councilwoman Triggiano regarding recent fires. He said there had been two historic fires in Philadelphia and New York. He noted that, while he was not involved in those investigations, they did know that fire doors were an issue in both fires. He stressed the importance of self-closing doors. He said he wanted to add to Councilwoman Triggiano's comments about the recent structure fire in Red Bank and said the Department had done a fantastic job. He said it could have been a different story for a couple of reasons. He said most of the occupants had been out of the house of the time of the fire but said there had been one occupant in the area of origin. He said the person had been behind a closed bedroom door and had been awakened by the smoke detector. He reviewed the person's experience in the fire and said he believed the smoke detector had saved the person's life. He said they were going to ramp up public education and would also be checking fire doors more frequently. He said he had a monitoring coming up from the Division of Fire Safety in February.

Director Keen said residents should leave their live Christmas Trees as the curb and said the Department was currently collecting them. He also said there was a phone number for the Garbage Hauler that residents could call if they had an issue. He said the contractor was having COVID issues with employees and had been sending drivers who might not be familiar with Red Bank. He said they had been incidents of them missing a street. He said anyone with issues could either call Public Works or could call the Garbage Hauler directly. He said they would take care of any issue such as a missed street. He thanked his staff for the amazing job they had done in 2021.

Councilwoman Horgan arrived at 6:55pm.

FINANCE

IA McConnell said the budget process had been started on time and said they had finished reviews with Department Heads that afternoon.

Councilman Ballard asked questions about the monthly Financial Report on spending.

CFO Swisher said he Councilman Ballard could forward a sample, he would make sure it was provided.

CLERK

Mayor Menna acknowledge receipt of the Clerk's report.

Clerk Borghi said there would be proclamations for Educators at the next Council meeting.

ENGINEERING

Engineer Neumann reviewed her report and offered an update on various projects including Spring Street, the 2021 Road Program, the Marine Park Parking Lot, Eastside Parking Lot, the Circulation Study and Eastside Park/Mohawk Pond Phase II. Regarding Broad Street, she advised the Council that there was a weekly field status meeting that included herself, the contractor, the Interim Administrator and the Director of Public Works. She said RiverCenter was also included. She reviewed the content of those meetings. She said she anticipated completion of the sewer work this week and said they were waiting for direction from the Council on how they wanted to proceed with the water main work. She reviewed the three options which were to 1) leave it as it was, 2) replace the water services or 3) replace the main and the water services. She said she believed they now had quotes for that work and said she was happy to answer any questions on the matter.

Councilman Zipprich asked Engineer Neumann if she had received feedback from RiverCenter on the water main issue.

IA McConnell said he had spoken with them and said their preference was that the Borough proceed with a full water main replacement along with the services. He said they understand that, although the contractor was able to

start the work as soon as he could obtain the supplies, there will be some delay in the project due to the additional work.

Councilman Zipprich asked about the timeline and if the project would affect spring events.

Engineer Neumann said the project could affect those events and said, once they had direction, they could review with the contractor to determine the timeline. She reviewed the likely timeline which would have the water main replacement being done by April and then the paving could be done in July. A discussion followed on the details of the project.

Councilwoman said she was in favor of replacing the main.

Councilman Zipprich agreed the main should be replaced.

Councilman Yngstrom said he agreed that they should replace the main and the services.

Councilman Ballard about the cost of the work.

IA McConnell said he believed the cost of the water main replacement with the water services would be approximately \$1.3 to \$1.4 million. He said acting CFO Swisher had information on funding sources.

CFO Swisher said there were American Rescue Funds available and said water/sewer projects were clearly an allowed use. He said there were also funds available in previous Capital Ordinances. He said the project could be funded without significant tax impact.

IA McConnell explained that the Borough had received approximately \$1.2 million in ARP funding. He said there was also about \$475,000 remaining in a 2021 bond ordinance that would cover water/sewer expenses.

Councilman Ballard asked if the Borough would be covering the cost of the service lines.

IA McConnell said the Municipal Code indicated that when the Borough replaced the water main they also did the service lines at the cost to the Borough.

Engineer Neumann clarified that the Borough cover the cost of the service lines to the curb box.

Councilman Ballard asked what that would cost.

IA McConnell said that was included in the \$1.3 million estimate.

Councilman Zipprich said, as they were discussing these funding sources, they needed to keep in mind that there was also a Senior Center issue.

Mayor Menna said he agreed. He said he believed Councilman Ballard was saying he agreed they should replace the water main. He asked Councilwoman Horgan for her thoughts.

Councilwoman Horgan said she agreed that they should replace main.

Councilwoman Sturdivant said she also agreed.

The Council consensus was to replace the main.

Councilman Zipprich said RiverCenter also supported the replacement.

ADMINISTRATION

Redevelopment Agency – Councilwoman Sturdivant said she was proposing a resolution to disband the Redevelopment Agency. She said it had been established in 2019 at the recommendation of Government Strategy Group's 2018 Management Enhancement Report. She said the Agency had continued to lack direction and leadership from the Mayor and Council. She noted the expenses that had been incurred by the Agency. She said the purpose and ability of the Agency to deliver were questionable. She said she was recommending that they disband the agency.

Councilman Ballard said he would like to second Councilwoman Sturdivant's direction on the Redevelopment Agency. He said he had been against the Agency since day 1. He reviewed his reasons for agreeing that it should be disbanded.

Mayor Menna reviewed the intent behind the Agency and said it had had the support of five of the six members of the Council when the Borough had gone to the State and asked them to create this special authority. He said he felt it had been a good intent. He said the Commissioners were citizen members who had hundreds of hours studying the issues. He said he wasn't sure that the Council had the full picture. He said before moving to take action in the next month, he would prefer to have the citizen members present a report of their activities. He suggested the Council should entertain further discussion in 30 days.

Councilman Ballard said he had no ill will toward the volunteer members and criticized the expense of the Agency. He claimed that the Agency was withholding reports that taxpayers had paid for. He again said it was not the volunteers that he was concerned with but said it was the professionals who received payment.

Councilman Zipprich said he wanted to note that he did not hold any ill will to the volunteer members. He said thought the members acted in good will but said he understood the concerns his colleagues were bringing

Councilman Yngstrom said he agreed that the amount of money Councilwoman Sturdivant brought up had been alarming. He said it had been sold to the Council that the developers would be paying most of the expense. He

said he agreed that there was cause for concern but said he also agreed with the Mayor that the Council should give them a chance to give a status report.

Councilman Zipprich said Councilman Yngstrom had made a good point in that it had been described that developers would defray the expenses.

Business Administrator Ordinance—Councilwoman Sturdivant said she was suggesting that the Council repeal the ordinance that created an authoritarian Administrator and return control to the Red Bank residents and Council. She said, by having a Business Administrator, Red Bank was not functioning as a Borough form of government. She said she felt they need to return to the weak Mayor, strong Council model. She said the Borough Administrator was not elected and should not be able to make critical decisions without oversight by the Council.

Councilwoman Horgan said she would not say the Business Administrator was authoritarian. She said he/she served as the CEO and the Council served as the Board of Trustees. She said that was how businesses were run and she said she felt there was a counterpart to government. She said the Business Administrator did not make decisions without consulting the Council. She said she felt the Council should not be interfering with the day to day operations which was why the ordinance for a stronger Administrator was brought forward. She said she was not in agreement with some of the things that were said and again said she took issue with the word “authoritarian.”

Mayor Menna said, if someone wanted to make a change, they should provide a draft ordinance and the Council would vet it and talk about it.

Councilman Ballard said he had opposed the ordinance when it had been presented. He said according to the Borough ordinances, the Council had legislative authority as well as some executive authority that was not vested in the Mayor in a Borough form of government. He claimed that the first line of the ordinance stated that they would give the Administrator all of the Council’s executive authority. He said he felt they had moved away from a Borough form of government and were operating as a Council-Manager form of government. He said he opposed a strongman administrator that was not elected by anyone in town. He said ordinance needed to be amended to return to a Borough Administrator. He said he did not understand the comment that the Council should not be interfering in day to day operations. He said he was not aware of any Council person who had done that. He said he felt executive authority should be returned to the Council and said the Administrator would have all of the authority they needed. He said there had been many problems with a strongman, CEO Administrator.

Mayor Menna said he respected Councilman Ballard’s comments and said it would be a policy decision. He said someone could introduce an ordinance and the Council would review it. He said he wanted to take issue with one statement and said he would not mention names because it was a personnel matter. He said he distinctly remembered when individual Council people, under previous Administrators, had been responsible for personnel decisions that the Council had not been aware of. He said that Administrator had to count heads to confirm he would be reappointed each year. He said he understood that individual Council persons, who the Administrator was beholden to, had instructed him that the Mayor should not be advised on certain things. He said they had to change the way 90 Monmouth Street was being operated that had been haphazard and based on a reappointment on January 1. He said they should look at the proposed ordinance but said the change had been made because it was necessary.

Councilman Ballard said he wanted to respond to the Mayor’s comment that he had been left out of certain information and certain decisions because Council persons had asked that he be removed from that decision making process. He said the exact same thing had happened to him under the present administrator ordinance. He said they didn’t change anything other than who the Administrator was beholden to.

Councilman Zipprich said the Mayor had functioned for 30 plus years on the Council in a Borough form of government. He noted the number of other municipalities that operated as boroughs and said they had not implemented a Business Administrator ordinance. He said the Business Administrator ordinance had been crafted by Government Strategy Group as a result of their Management Enhancement Report. He said he had been in favor of it and, as he watched it unfold, he said he realized that it had been an error in judgement on his part. He reviewed ways he felt it had negatively affected the Borough. He called for returning to the previous ordinance.

Senior Center Renovation Project – Councilman Zipprich reviewed the history of the project and the current status. He said the public was now waiting for the Council to execute the plans and put the project out to bid. He called for the Council to put the finances together and authorize the reconstruction of the Senior Center. He reviewed Federal funding sources that he said could be used for the project.

Mayor Menna and Councilman Yngstrom said they agreed.

Mayor Menna directed the Administrator and CFO to prepare a synopsis of available options.

Councilman Ballard said another Senior Center issue that he had been trying to get on an agenda was to put the Senior Center property on the ROSI. He said he was aware that there was pushback about that but said he had had discussions with Green Acres staff where they had provided options on how to do that. He reviewed the options including bifurcating the land from the building.

Mayor Menna said he had no objection and said he had also suggested adding other publically owned properties. He said he hoped for a resolution at the next meeting.

Attorney Cannon reviewed what could and could not be included on a ROSI. He suggested the matter be reviewed by a subcommittee to review the various regulations. A discussion followed.

Councilman Ballard volunteered for the Committee. Councilman Zipprich also volunteered.

Public Meetings/Access to Borough Hall – Councilman Ballard said the current policy was inconsistent with the Council not meeting in public while the Land Use boards and Charter Study Commission were all meeting in person. He claimed the public meeting were receiving reduced participation because some were afraid to come in. He said he believed it should be consistent. He called for a directive that there be no public meetings until a hybrid situation could be set up for full participation. He called for a resolution to put that in place.

Mayor Menna suggested a full masked mandate for all of the Borough's buildings. He said he was still waiting for feedback on a recent order issued in Asbury Park. He reviewed the increase in COVID numbers.

Councilwoman Triggiano noted that boards mentioned were all autonomous boards. She said the Charter Study Commission was now meeting virtually and said she felt the Council members were on the same page on the issue.

A discussion followed on policies in other municipalities in respect to COVID.

There was also a discussion on the hybrid capability, a mask mandate and public meetings.

Councilman Ballard asked if the Council would return to meeting in person since the other boards were doing so.

IA McConnell noted that he had confirmed with Planning/Zoning Director Ebanks that the Boards were returning to electronic meetings.

Attorney Cannon reviewed the Council's options.

IA/Chief McConnell said the onus should be on the business owners. He reviewed issues with the Police Department enforcing.

Office of Information Services – Councilman Ballard called for staff with expertise to manage virtual/hybrid meetings. He said he believed ARP money could be used to fund that staffing.

Mayor Menna asked Administrator McConnell to look into the matter.

Councilwoman Sturdivant said she believed there was Federal subsidies for wi-fi issues.

Councilman Ballard said the staff could also perform website maintenance.

A discussion followed on the details of the position.

SECTION 1. The improvements or purposes described in Section 3 of this bond ordinance are hereby authorized to be undertaken by the Borough of Red Bank, in the County of Monmouth, State of New Jersey (the "Borough") as general improvements. For the said improvements or purposes stated in Section 3 hereof, there is hereby appropriated the principal amount of \$1,940,000, said sum includes \$1,070,000 as the aggregate amount of down payment of which \$450,000 is now available in the Capital Improvement Fund and \$620,000 is now available in the Capital Fund Balance of the Borough for said improvements or purposes as required by the Local Bond Law, N.J.S.A. 40A:2-1 et seq., as amended and supplemented, (the "Local Bond Law").

SECTION 2. For the financing of said improvements or purposes described in Section 3 hereof and to meet the part of said \$1,940,000 appropriation not provided for by application hereunder of down payment funds available in the Capital Improvement Fund and the Capital Fund Balance, negotiable bonds of the Borough are hereby authorized to be issued in the principal amount of \$870,000 pursuant to, and within the limitations prescribed by, the Local Bond Law. In anticipation of the issuance of said bonds and to temporarily finance said improvements or purposes, negotiable notes of the Borough in a principal amount not exceeding \$870,000 are hereby authorized to be issued pursuant to, and within the limitations prescribed by, said Local Bond Law.

SECTION 3. (a) The improvements hereby authorized and the purposes for the financing of which said obligations are to be issued are for the reconstruction and rehabilitation of the Borough's Senior Center, which includes, but is not limited to, (i) interior improvements consisting of, but not limited to, upgrades to the heating, ventilating, and air-conditioning system, electrical improvements and improvements to all bathrooms, floors, and walls; and (ii) exterior improvements consisting of, but not limited to, as applicable, the replacement and installation of windows and siding and roof repairs. Such improvements or purposes shall also include the following, as applicable, engineering, design and site work, furniture and fixtures, environmental assessments and testing, preparation of plans and specifications, permits, bid documents, contract administration and also all work, materials, equipment, labor and appurtenances as necessary therefor or incidental thereto.

SECTION 4. In the event the United States of America, the State of New Jersey, and/or the County of Monmouth make a contribution or grant in aid to the Borough for the improvements and purposes authorized in Section 3 hereof, and the same shall be received by the Borough prior to the issuance of the bonds or notes authorized in Section 2 hereof, then the amount of such bonds or notes to be issued shall be reduced by the amount so received from the United States of America, the State of New Jersey, and/or the County of Monmouth. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer of the Borough, provided that no note shall mature later than one (1) year from its date. (b) The period of usefulness of said improvements or purposes within the limitations of said Local Bond Law, according to the reasonable life thereof computed from the date of the said bonds authorized by this bond ordinance, is twenty (20) years.

This Section 9 is intended to be and hereby is a declaration of the Borough's official intent to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulations §1.150-2. All reimbursement allocations will occur not later than eighteen (18) months after the later of (i) the date the expenditure from a source other than any bonds or notes authorized herein is paid, or (ii) the date the improvements or purposes described in Section 3 hereof is "placed in service" (within the meaning of Treasury Regulations §1.150-2) or abandoned, but in no event more than three (3) years after the expenditure is paid.

The Chief Financial Officer of the Borough is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of the obligations of the Borough authorized herein and to execute such disclosure document on behalf of the Borough. In the event that the Borough fails to comply with its undertaking, the Borough shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

SECTION 11. The Borough covenants to maintain the exclusion from gross income under Section 103(a) of the Internal Revenue Code of 1986, as amended, of the interest on all tax-exempt bonds and notes issued under this bond ordinance.
