

ORDINANCE NO. 2019-41

**ORDINANCE OF THE BOROUGH OF RED BANK, COUNTY OF MONMOUTH,
STATE OF NEW JERSEY SUPPLEMENTING THE BOROUGH'S REVISED GENERAL
ORDINANCES TO INSERT NEW CHAPTER 492: "PLASTICS AND POLYSTYRENE FOAM
(SINGLE-USE)" TO PROHIBIT THE USE AND DISTRIBUTION OF SINGLE-USE PLASTIC
BAGS, PLASTIC STRAWS AND POLYSTYRENE FOAM CONTAINERS BY BUSINESSES**

WHEREAS, the Governing Body of the Borough of Red Bank (the "Borough") believes it has a duty to investigate and implement all necessary and proper steps the Borough can take to protect the environment and the public health, welfare, and safety, especially given the Borough's position as a riverside community; and

WHEREAS, in the United States alone, according to the EPA, over 380 billion plastic bags and wraps are used each year, approximately 40% of the bags used are single-use plastic bags, and the 380 billion plastic bags require an estimated 12 million barrels of oil to create; and

WHEREAS, approximately 19 billion pounds of plastic garbage end up in the Earth's oceans each year, which is approximately an area 34 times the size of Manhattan covered in ankle-deep plastic waste; and

WHEREAS, no body of water, waterway, beach, or shoreline is unaffected by this pollution, as ocean currents and waterways that flow into the oceans can transport plastic waste tossed into the Navesink River all the way to Australia and vice versa; and

WHEREAS, studies have demonstrated that over decades of sunlight and pounding waves, plastic breaks down into microplastics that measure 5 millimeters or less, which are ingested by shrimp, plankton, fish, birds, turtles, other sea animals, and eventually, humans, the effects of which to the ecosystem and food chain are not yet clear; and

WHEREAS, it is beyond dispute that the use of single-use plastic bags, plastic straws, and polystyrene foam containers have a severe and negative environmental impact on the local and global environment as a result of the greenhouse gas emissions emitted to produce such single-use items, the land-based and ocean-based pollution created, the hazards posed to wildlife, the blocking of storm drains by plastic, the hazards posed to sources of water for humans, and the negative impact on the ecosystem and food chain as a whole; and

WHEREAS, the Borough's taxpayers currently bear the costs associated with the negative effects of single-use plastic bags, plastic straws, and polystyrene foam containers on the solid waste stream, drainage, litter, and the negative consequences of the foregoing environmental impacts; and

WHEREAS, the Borough seeks, to the fullest extent of its jurisdiction and authority, to conserve resources, reduce greenhouse gas emissions in furtherance of the Paris Agreement, reduce waste and litter, and to protect the public health, welfare, and safety, which includes the protection of the environment, waterways, and wildlife, in order to attempt to protect and increase the quality of life for the Borough's residents and visitors; and

WHEREAS, studies document and participating municipalities report that prohibiting the use and distribution of single-use plastic bags, plastic straws, and polystyrene foam containers at businesses will dramatically reduce the use of those polluting items; and

WHEREAS, over 150 states, municipalities, and counties in the United States presently either ban or require fees for the sale and use of plastic bags; and

WHEREAS, based upon the foregoing, the Governing Body of the Borough of Red Bank that a prohibition on the use and distribution of single-use plastic bags, plastic straws, and polystyrene foam containers by businesses is appropriate and will incentivize the use of reusable and/or recyclable alternatives;

NOW THEREFORE, BE IT ORDAINED by the Mayor and Council of the Borough of Red Bank, County of Monmouth, State of New Jersey, that the Borough's Revised General Ordinances is amended to include new Chapter 492: "Plastics and Polystyrene Foam (Single-Use)" as follows:
