Peter,

It has become a necessity that we immediately arrange for solid waste and recycling collection service starting September 1, 2020.

As you know the contract that was initiated by the Borough and Delisa Demolition, Inc. ends on August 31, 2020. Prior to the expiration of that contract, the Borough advertized specifications and solicited bids for a successor contract for solid waste and recycling collection services, to which solicitation, no bids were received. Failing to immediately arrange for solid waste and recycling collection services for September 1, 2020 and beyond would create an emergency affecting the public health, safety and welfare of the Borough's residents.

Sincerely,

Cliff Keen
Director of Public Utilities
Borough of Red Bank
