He said resolution 11-222 was a resolution to authorize a shared services agreement between the Borough of Eatontown and the Borough of Red Bank for compost services. He added that the Borough currently takes the compost to Lawrenceville which he noted the Borough does not pay for but does incur fuel costs that would eliminate by going to Eatontown. He said the Borough will have the option to go to either location.

Councilwoman Lee asked what the cost would be to go to Eatontown. Mr. Sickels said it would be \$9 per cubic yard. Councilwoman Lee said she would like to see the comparison to fuel costs.

Council President Murphy opened the public comment portion of the meeting and asked if anyone would like to speak.

Cindy Burnham—Fair Haven—noted that the request from the Friends of Maple Cove should have been dated September 8, 2012 not the 2<sup>nd</sup> as reflected.

Council President Murphy said a corrected request would be placed on the next agenda to clarify.

Councilman Dupont offered a motion to close the public comment portion of the meeting, seconded by Councilman Zipprich.

#### **ORDINANCES – First Reading**

2011-20 Council President Murphy read “ORDINANCE OF THE BOROUGH OF RED BANK, COUNTY OF MONMOUTH, NEW JERSEY AMENDING AND SUPPLEMENTING CHAPTER XXV, PLANNING AND DEVELOPMENT REGULATIONS, SECTION 25-2.3, “DEFINITIONS” AND 25-10.9(a), “REGULATIONS CONTROLLING NEIGHBORHOOD BUSINESS DISTRICT (Permitted Uses).”

Councilman DuPont offered a motion to adopt the ordinance on first reading, seconded by Councilwoman Horgan.

ROLL CALL:

AYES: Lewis, Zipprich, DuPont, Horgan, Lee, Murphy

NAYS: None

There being six ayes and no nays, the ordinance was declared adopted on first reading.

Public hearing and final adoption to be held November 22, 2011.

#### **ORDINANCES – Public Hearing & Final Adoption**

2011-17 Council President Murphy read “ORDINANCE OF THE BOROUGH OF RED BANK, COUNTY OF MONMOUTH, NEW JERSEY REQUIRING MORTGAGEE REGISTRATION RELATING TO REAL PROPERTY MORTGAGES IN DEFAULT, PROVIDING FOR REGISTRATION AND REQUIRING MAINTENANCE FOR CERTAIN REAL PROPERTY BY MORTGAGEES.”

Council President Murphy opened the public hearing and asked if anyone would like to speak.

Vincent LaPore—80 North Broadway, Long Branch—said he was familiar with redevelopment and blight designations in Long Branch and said he had concerns regarding this ordinance and asked what the source was. Councilman DuPont said in light of the number of foreclosures taking place, the Borough was fearful of lenders who would foreclose and not contact the Borough with respect to the proper ownership and who would maintain it. He said the Council takes pride in the condition of the Borough’s neighborhoods and it was important, in light of the foreclosure epidemic, that lenders foreclosing in Red Bank contact the proper authorities in the Borough to let them know that they were the owners and were responsible for the property.

Mr. LaPore asked why the matter couldn’t be handed by the Borough’s Code Enforcement staff. Mr. Sickels said there were often times when the town was not notified of the foreclosure and they didn’t have contact info for the responsible party.

Councilwoman Lee said there had not been a lot of discussion on the ordinance and that they all understood what they were trying to achieve. She said, as the Council member in charge of Code Enforcement, she had an issue with the large sign required by the ordinance that would label the property and appear more like a blighted situation. She said she believed the Borough’s Code Enforcement Officers were exceptional and had been able to handle these situations in the past. She said she would rather see the Borough place a lien on the property and take care of the maintenance than to see the signage.

A discussion followed regarding the sign requirement outlined in the ordinance.

Council President Murphy said he thought the real question was how to get contact information once the bank took over. A discussion followed regarding the difficulty of keeping track of the responsible parties.

Councilwoman Lee said she did not think the ordinance would be beneficial and thought it would be disruptive to communities to have properties labeled as abandoned.

Councilman DuPont said they could eliminate the requirement for a sign and he commended the Borough's Code Enforcement staff. He outlined the problems with keeping track of the owners/responsible parties once a house goes into foreclosure. He said the genesis of the ordinance was to compel the lenders who obtained the title to contact the Borough.

Councilwoman Lee said she did not have a problem with the requirement to contact the Borough, but she did have a problem with the requirement for a posted sign. Councilman DuPont again said he would have no problem removing that requirement from the ordinance.

Councilwoman Lee said she thought the matter should be discussed with the Code Enforcement Committee.

Mr. Sickels suggested they continue the public hearing in case there were any other objections and then table the ordinance for discussion at the Code Enforcement Committee. There was again a discussion regarding the size and type of sign required by the ordinance.

Mr. LaPore said he strongly urged the Council to table the ordinance and suggested the sign in the window could be opening up predatory practices because it would let buyers know the seller was in arrears. Councilman DuPont said that was inaccurate because during foreclosure the lender takes over the property. Mr. LaPore said he felt the wording did not limit it to foreclosed properties but included those that were in default.

Councilman DuPont said that was not the intent of the ordinance and said he appreciated Mr. LaPore coming all the way from Long Branch but said he believed the Red Bank neighborhoods were very important to the Council and should be protected. He said he appreciated Mr. LaPore's comments and said he knew they would be taken back to the Code Enforcement Committee. He said Mr. LaPore's allegation that the Borough was trying to undermine the contractual negotiations between a buyer and seller was totally inaccurate.

Mr. Sickels said he wanted to correct Mr. LaPore and noted that the ordinance said the sign would only be posted when the building became vacant or abandoned. Mr. LaPore said it would still be a scarlet letter in the window and would lead to predatory buying.

Councilman DuPont said, as an experienced lawyer, he knew that a potential buyer would discover if the property had been taken from lender and it might involve a short sale.

Mr. LaPore asked, rather than this ordinance, why couldn't Red Bank leave it to Code Enforcement and a title search. Councilman DuPont said he did not agree with that adding that he thought Code Enforcement had other duties and the ordinance would shift the burden on the mortgage lenders to notify the Borough.

Council President Murphy suggested they finish the Public Hearing before considering whether or not to table the matter for review by the Code Enforcement Committee.

Mr. LaPore said he had a question that may not be for this meeting but should be considered at the Public Hearing. He said he would like to know where the empirical data was that would substantiate a blighted area or non blighted area or why there would be more propensity for default in a certain area.

Council President Murphy explained to Mr. LaPore that this was the Public Hearing and that the Council would be tabling the matter.

Mr. LaPore again questioned the intent of the ordinance and requested that the Council address it. He asked Councilman DuPont if he thought the economy, particularly housing, was going to get worse before it gets better and if that was the reason for the ordinance.

Councilman DuPont said he thought the ordinance spoke for itself regarding the purpose. He said he understood some of Mr. LaPore's concerns but he felt the ordinance would protect the health and welfare of the Borough's neighborhoods.

He said, being from Long Branch, he was very familiar with redevelopment zones and blight designation. He said Councilman DuPont had handled cases for the City of Long Branch. Councilman DuPont agreed that he had and he also noted that the Mayor and Council had taken a pledge that there would not be any type of condemnation proceedings or declaring of blight in Red Bank.

Mr. LaPore asked that the term "blight" be removed from the ordinance. Councilman DuPont noted that the ordinance would be going back to the Code Enforcement Committee for review.

Councilwoman Lee again noted that she felt the Borough's Code Enforcement Committee did an excellent job. She said the ordinance would be going back to the Committee before returning to the Council.

Mr. LaPore again noted his experience in Long Branch and said he wanted to forewarn the people of Red Bank that if there were a series of foreclosures in a certain geographic area, he didn't want it to be used as a blight basis to declare a redevelopment zone.

Councilman DuPont offered a motion to close the public hearing, seconded by Councilman Zipprich.

2011-18 Council President Murphy read "ORDINANCE OF THE BOROUGH OF RED BANK, COUNTY OF MONMOUTH, NEW JERSEY AMENDING AND SUPPLEMENTING CHAPTER XXV, PLANNING AND DEVELOPMENT REGULATIONS, SECTION 25-5.30, "HISTORIC DISTRICT REGULATIONS."

Council President Murphy opened the public hearing and asked if anyone would like to speak.

Councilman DuPont offered a motion to close the public hearing, seconded by Councilwoman Lewis.

ROLL CALL:

NAYS: None

Councilman Zipprich noted that the Historic District had been undertaken by a group of volunteers of which he was one. He said the purpose of this was to amend the original ordinance after the Borough Engineer discovered that the block and lot numbers of certain properties had been mislabeled by the volunteers. He noted that it in no way changed what was adopted in 2009 but was just a document to correct errors.

Councilman Zipprich offered a motion to adopt the ordinance on final reading, seconded by Councilwoman Lewis.

AYES: Lewis, Zipprich, DuPont, Horgan, Lee, Murphy

## **OLD BUSINESS**

### **NEW BUSINESS**

### **AUDIENCE**

Cindy Burnham—146 Harrison Avenue, Fair Haven—congratulated Councilman Zipprich and Councilwoman Lewis. She said she wanted to follow up on a question she had asked Councilman Zipprich during the debate regarding a sign that said "permit parking only" that was posted as Maple Cove. She said it was confusing. Mr. Sickels said the Borough would take it out. Ms. Burnham said people had called the police and they were telling people that it was permit parking. Council President and Police Commissioner Murphy said that was because of the sign and that the Borough would take it down and he would clear the matter up with the Police Department the next day. Councilman Zipprich asked if anyone had received a citation while the sign had been posted. She said they had not.

Ms. Burnham said she also had a question regarding 11-221 and asked if it was regarding the grant for Bellhaven. Mr. Sickels said it was. She asked if the Borough had gotten the grant. Mr. Sickels said the Borough was still in the process. Engineer Ballard explained that, while reviewing the grant application, the County noted that she had included a line item for permit fees and that that was not a reimbursable cost. She said they had asked the Borough to amend the application.

Ms. Burnham asked for a copy of what had been sent out for her own information. Mr. Sickels said she would have to file an OPRA request. She noted that it was for waterfront access and development of Bellhaven. Engineer Ballard noted that there had been a Public Hearing on the matter in August and that

nothing had changed. She said she expected that the Borough would find out in December of this year if it had been awarded funding.

Carl Colmorgen—67 Oakland Street—said he had a question regarding sanitation pick up. He said he had been looking at 11 consecutive days of no sanitation pick up. He said the previous day he had seen a couple of his neighbors put trash out and assumed that, when he came home, they would have to take it back in. He said he found that the Borough had picked up trash despite posting a notice that there would be no pick up on November 8<sup>th</sup>.

Public Works Director Gary Watson explained that they had looked at the schedule and realized that there were would be no pick up for both regular days of the week. He said when he saw that he had decided to do one pick up that week.

Mr. Colmorgen asked if they could have notified the residents of that so they didn't have to hold their garbage for 11 days. Mr. Watson said they made the decision on Monday to do the pick up on Tuesday and a lot of people had put their trash out on Election Day. Mr. Colmorgen said they must not read what Public Works prints and he noted that "no pick up" was also posted on the Borough's website.

Councilwoman Lee noted that there was also some confusion because people had expected the election to be on the first Tuesday but that it had been on the second Tuesday this year.

Gary Carpenter—Middletown, property owner at 55 North Bridge—noted that he had previously appeared regarding the issue of street cleaning and that fact that the published schedule implied that it would be done weekly. He said it had been explained at the meeting that he had misunderstood it and that while the schedule looked like it would be done weekly, it would more likely be done monthly. He said he was frustrated on Monday that the street had not been swept so he called Public Works and asked when the last time Brower Place had been swept was. He said he was told it was May 25<sup>th</sup>. He said, while he initially thought it was done on a weekly basis, it appears it is only done semi-annually. He said if that was the case, the information sent to the taxpayers should be amended.

Adrianne Bellal—266 South Pearl Street—said she was very please with the correction at the park near her house. She said they painted yellow curbing and put up signs but there were still people coming to football games and parking on the curb, by the fire hydrant and blocking her driveway. She said she has to call and asked the Police Department to come out. She said every time there was a football game there were parking issues and she didn't feel it was her responsibility to call the police and said it was an accident waiting to happen.

Council President and Police Commissioner Murphy noted that Police Chief McCarthy was in the room and said he would follow up.

## **EXECUTIVE SESSION**
