ALSO PRESENT: Administrator Sickels, Borough Clerk Vivona, Chief Financial Officer Loversidge, Engineer Kosenksi and Attorney O'Connor.

SUNSHINE STATEMENT

Mayor McKenna requested the minutes reflect that, in compliance with Public Law 1975, Chapter 231 (Open Public Meetings Act), notice of this meeting has been provided by notifying the Asbury Park Press, the Courier, the Two River Times and the Star Ledger and by placing a notice on the bulletin board and filing same with the Borough Clerk on January 4, 2004.

WORKSHOP

Parking Deficiency Schedule Ordinance

Mr. O'Connor said that he has revised the parking deficiency schedule ordinance to exclude a section of Shrewsbury Avenue to encourage development in that area as recommended by the governing body. He said that a draft ordinance, including a map was distributed to members of the governing body. He asked the members of the governing body to review the ordinance.

Councilwoman Beck said that we could not take action tonight because we do not have time to advertise the public notice.

Mayor McKenna said we would introduce the ordinance at the next Council Meeting.

Assessment of Old Bodman Place Gas Plant

Mr. Sickels said that the N.J.D.E.P. is requiring JCP&L to do an environmental assessment of this facility. He said the testing would be done at their expense.

Hotel/Motel Tax

Councilwoman Beck said that she has distributed an ordinance regarding the implementation of the Hotel/Motel Tax that the League of Municipalities has on their website. She said that she spoke to Deborah Kole, who is the lead attorney from the League of Municipalities and said the program has been successful except that there were some problems within large municipalities with a multitude of hotels and motels. She said there are 134 municipalities that are currently imposing this user fee and suggested we move forward with the ordinance because the fee cannot be imposed for 90 days. She also said starting July 1, 2004 the municipality can collect 3 percent of the tax.

Mayor McKenna said that he has scheduled a meeting with Mr. Barry to get the statistics on the occupancy of the Molly Pitcher and Oyster Point Hotels and would report back to the governing body.

MAYORAL APPOINTMENTS

REPORTS OF MAYOR AND COUNCIL MEMBERS

Councilwoman Beck said that the Code Enforcement Committee has met and there is a slight profit for the year.

Councilman Curley said that the Finance Committee met and wanted to report their preliminary recommendations to the governing body. He said that the expenditure for the LOSAP program is much lower than expected and that the Borough sold some surplus properties for \$702,000 and \$350,000 will be used in this year's budget. He said they are also recommending implementing the Hotel/Motel tax and suggested that RiverCenter fund the Visitor's Center. He also suggested some changes to the different departments in Public Utilities, elimination of commercial recycling, implementing additional interlocal service agreements with other municipalities and a written policy for the use of Borough owned vehicles. He thanked everyone for their input.

Councilman Murphy reported that there would be a Summer Activities Fair being held at River Street Commons on May 1, 2004 from 12 to 4 p.m. He said there would be numerous organizations there promoting their summer programs that are available for the children of Red Bank.

OLD BUSINESS

NEW BUSINESS

Councilman Menna said there is a very special resident at Avante Nursing Home that will be celebrating her 106th Birthday tomorrow with a party being held at 2:15 p.m. He said her name is Penny Stafford and she was born a slave but made the best of her life. He said he would be attending the celebration for this very special person and wanted to wish her a Happy Birthday.

AUDIENCE

Jim Harris – 97 Mechanic Street – said that 58 percent of his taxes are going towards the school budget and said that the voters in Red Bank voted against it. He asked the members of the governing body to review it carefully.

Mayor McKenna said that they have supplied us with the budget documents and we would be meeting with Members of the Board of Education to discuss cuts. He said that unfortunately when the governing body makes cuts and it is sent to the State they usually reinstate the proposed cuts. He said that our Board of Education is usually very responsible about their budget.

Councilman Curley said that the State Legislature has to revise the way we finance the school systems.

Trisha Rumola – 66 Riverside Avenue – said that the Red Bank Initiative held a Career Day on April 8th and it was very successful.

Charles Matches – 48 Trockmorton Avenue – said that he hates to see 2-hour parking and that the sign in front of 179 Trockmorton Avenue is very low. He also said that he does not understand why we repave streets and only replace some of the sidewalks.

Mayor McKenna said if all the sidewalks were replaced it would be very costly.

Christine Stout – 16 Lake Avenue – wants to make sure her street is still on the list to have the drainage problem repaired because there are a lot of children in the neighborhood.

Mayor McKenna said that it is.

William Poku – 90 Bank Street – said there is a very disturbing trend in the Borough where the high cost of housing is forcing black families out of the community. He said diversity is part of the reason Red Bank has been so successful and thinks we need all kinds of people.

Mayor McKenna said that he has met with several Pastors regarding affordable housing.

David Prown – 44 Hillside Place – talked about parking problems, the growth of the Red Bank Initiative and asked what is the difference between a Committee and a Commission.

Mr. O'Connor said that generally a commission is an independent body that can make decisions independent of the Mayor and Council and a committee reports to the governing body.

The members of the governing body discussed the different committees and commissions in the Borough and how they are funded.

Amy Goldsmith – 16 Locust Avenue – said she had submitted a request to the governing body to support the Highlands Water District.

Mayor McKenna said that we have received the information and will adopt a resolution of support at the next Council Meeting.

Ms. Goldsmith said that the owner of the property at the end of Locust Avenue removed all the trees and asked the Borough to monitor this situation.

Councilwoman Beck said the Code Enforcement Official would take a look at the situation tomorrow.

Mayor McKenna said the Borough Engineer has been down there numerous times.

Ms. Goldsmith said she voted in favor of the school budget and thinks everyone should support it so families will stay in Red Bank. She said the schools are on the right track and have started a lot of new programs but that in a small community the Charter School takes money away from the school system.
