He said he discussed the entire audit with the finance committee and noted that Red Bank had the highest collection of taxes in a very long time and that was 97.19%. He also stated that Water and Sewer Utility and Parking Utility had good years. He said there are only two audit recommendations and knows that these items are being taken care of.

WORKSHOP

World Trade Center Memorial

Mr. Sickels said he had placed information in the packets regarding a permanent memorial at Riverside Gardens Park. He said there is an impromptu memorial there now and this memorial has seen the test of time and weather. He said he thinks it would be appropriate to place a bronze plaque in the flowerbed in a location that would not obstruct the view of the river. He asked the governing body for their thoughts regarding the memorial and removing the temporary memorial.

Councilman Bifani said he would like to see a permanent plaque placed in Riverside Garden Park.

Councilman Menna said that since only two residents were lost in the attack that it might be appropriate to put their names on the plaque.

Councilwoman Thompson said she would like to see the plaque placed near the two trees that were planted in memory of these individuals.

The governing body discussed various ideas regarding the permanent memorial and agreed that the impromptu memorial should be removed from the park.

Mayor McKenna said that he has received numerous suggestions regarding the disposed items from the memorial and said that we should inform the families that we would be removing this memorial at a certain time in case they wanted to pick up any items that they left there. He suggested that Councilman Polonsky contact the Red Bank Public Library to see if they might want any of the items that were left at the impromptu memorial.

Councilman Polonsky said that perhaps some of the items might be taken over to the library and put in the Red Bank room.

Mayor McKenna said that he just wanted to make it clear that we would give a public announcement before any items are removed or donated so the families will have time to retrieve any items that they wanted.

MAYORAL APPOINTMENTS

REPORTS OF MAYOR AND COUNCIL MEMBERS

Councilman Bifani reported that the Streetscape for Shrewsbury Avenue would start soon and also that he has scheduled a prisoner clean up at the Red Bank primary school. He also commented on the mural that was painted on the building at the corner of Shrewsbury Avenue and Drs. James Parker Boulevard and said it is very nice and was the first mural that was state funded.

The governing body agreed the mural looked great.

Councilwoman Beck asked Councilman Bifani if there were any water and sewer repairs being done to Shrewsbury Avenue.

Councilman Bifani said that this is a county road and there have been no complaints in that area.

Councilman Polonsky reported that the library board had a meeting with Ned Gaunt about bringing the library into ADA compliance. He said that there is no handicapped access to a number of areas in the library and that an elevator would have to be installed along with numerous other projects to make the library completely ADA accessible.

Councilman Menna said that after our dealings with the Muck Monster who challenged us in court that we needed to make some changes in our ordinances regarding personal freedom.

Councilwoman Thompson said that one of the big problems in Red Bank is with political signs being left after the election is over. She asked why we are allowing fifteen days for the removal of signs.

Councilman Menna said we must give people a reasonable amount of time to remove the sign before we issue a summons.

Councilwomen Beck said that political signs are not always related to elections and gave the example of a resident putting up a sign regarding the parking garage.

Councilwomen Thompson said that once the subject is debated and done with the sign should be removed.

Councilman Menna said that he was offended by the size of a recent sign that was put up by a resident and the amount of time it was kept up. He said we must set up some reasonable parameters.

Councilman Polonsky said that he thought it was ruled upon in court that signs could only be left up for fifteen days and there were also regulations regarding the size.

Mr. O'Connor said that this correct. He said that generally the signs could be 14 square feet and the length of time the signs could be left up was directed to the elections.
